**AUTHORIZATION FOR TREATMENT OF MINOR**

All minors are required to have a parent/legal guardian present with them for each appointment. By law, we are required to have a consent from a legal guardian to provide treatment to a minor. If a parent or guardian is unable to attend an appointment with the minor, then a signed authorization to treat a minor is required.

I request and authorize Colorado Center for Dermatology, PLLC to deliver medical and/or cosmetic care to my child listed below without my presence at the appointment
