

2026 - Most Common Billing Codes*

The State of Colorado requires our office to provide you with the following notice:

The health care price for any given health care service is an estimate. The actual charges for the health care service are dependent on the circumstances at the time the service is rendered; and if you are covered by health insurance, you are strongly encouraged to consult with your health insurer to determine accurate information about your financial responsibility for a particular health care service provided by a health care provider at this office. If you are not covered by health insurance, you are strongly encouraged to call (303) 761-0906 to discuss payment options prior to receiving a health care service from a health care provider at this office since posted health care prices may not reflect the actual amount of your financial responsibility.

These average charges listed below are for reference purposes only; actual patient responsibility will be determined by your health insurance (if applicable) or our direct pay policies (as applicable).
